

# WE BELIEVE IN YOU

KANSAS SOLUTIONS FOR KANSAS FAMILIES

WE KNOW THAT  
THE SOLUTIONS TO KANSAS PROBLEMS  
ARE FOUND IN THE PEOPLE OF KANSAS.

A Stronger Kansas  
Through the Purpose of Liberty

The Libertarian Party of Kansas knows that Kansans are creative, honest, hard working people who, when given the opportunity, will make Kansas stronger.

Together we will:

- Remove barriers to success and grow out of the recession.
- Make Kansas the most attractive state to businesses of all sizes.
- Lower taxes by reducing the state budget.
- Move to create clear and concise business regulations focused on protecting the life, liberty, and property of Kansas citizens.
- Take the middleman out of community compassion and reduce government spending.
- Help those in our community who most need assistance. We do not want to give our money to any middleman who then passes on a portion to those in need. We trust that you and I will allocate our resources with compassion to where they are most needed. We also trust that you and I will make the hard decisions when necessary. We know that when neighbor helps neighbor, communities are built. We will remove barriers that make knowing and helping your neighbors difficult. This includes ending many government-based aid programs and returning those caring relationships to the individuals in Kansas. This will significantly reduce the state budget and keep more money in the hands of individuals who can use it more effectively.
- Protect your freedoms from the encroachment of others' freedoms. We believe that personal freedom must only be restricted by its encroachment on someone else's freedom. Regulations on individuals must be clear and concise and focused on protecting the life, liberty, and property of other citizens.
- Protect our state's sovereignty.
